THE FIRE RECORD.

FOURTEEN HUNDRED FRIGHTENED SCHOOL CHILDREN.

Seven Girls Fall from the Second to the First Floor by Reason of the Giving Way of the Balusters.

ST. LOUIS, Nov. 27.—A fire was discovered yesterday morning on the ground floor of the Webster school, the largest primary school in St. Louis. Upon the school fire alarm being struck the children on the ground floor went out in good order, but a panic seized the girls on the floors above, and despite the exertions of the school teachers they rushed wildly into the stairway and the greatest confusion resulted. The pressure caused the balusters between the second and ground floors to give way, and several children fell to the floor below.

Ellen N. Link's arm was broken. Emma Dillon was badly hurt about the head and upper part of the body by the balusters falling on her; and Eva Shafer was seriously bruised. Mrs. Baltazzar, a teacher, in her brave efforts to stop the children at the head of the stairs, was knocked down and trampled on and borne to the ground floor. She was much bruised, but not seriously injured.

The panic was confined to the girls, the boys being discharged without disorder. The terror of the girls seems to have been greatly increased by the ringing of a large bell on the top of the building by some one unknown.

The fire, which was a trifling affair, was soon subdued. It is considered remarkable that the casualties were so few.

CEDAR RAPIDS, Iowa, Nov. 27.—A fire at Vandalia, Fayette county, destroyed the entire business section except one structure. There is little insurance. The fire originated in Sidmon's saloon and is thought to have been set by a rival saloon keeper.

Counterfeiter Arrested.

NEW YORK, Nov. 27.—James Boyd, alias Jim. Boyd, has been arrested charged with dealing in counterfeit quarters and ten cent pieces. The Commissioner committed Boyd to jail for examination in default of $5,000 bail. Some time ago Boyd sold one of the officers of the secret service several hundred dollars' worth of spurious coin, and he has since been kept under constant surveillance. His arrest was not made at the time of that transaction, as the detectives desired to arrest others engaged in the same line of business. These having since been captured and being in jail, the arrest of Boyd followed. Boyd had on his person five hundred and eight dollars in good money. He has been a detective, informer, and merchant traveler, each in turn, and once he was a mail carrier.

The Leadville Titles.

DENVER, Nov. 27.—The case involving the title to land on which Leadville stands was decided in the United States District Court to-day. The title to said land is derived through patents from the government for placer mining grounds. The St. Louis Smelting and Refining company sued Thomas Kemp *et al.* to recover leases purchased by that company from the patentee, Thomas Stow, and which had been taken possession of by defendants. The court decided the patents void, it not appearing that the patentee had fulfilled their conditions.

Boiler Explosion.

SALEM, Ind., Nov. 27.—The boiler of the portable saw mill at Rush Creek, near here, exploded with terrible force on last Tuesday, blowing the mill to atoms and instantly killing Engineer Joseph Hanger, whose body was hurled into an unrecognizable mass across the street. Three school children who were passing at the time were severely cut and scalded, but their injuries are not fatal. The mill was an old one, and the engineer had considered the boiler unsafe for some time previous to the explosion.

The Fall River Operatives.

FALL RIVER, Nov. 27.—The Board of Trade voted to restore, on January 1st, the schedule prices paid to operatives in April, 1878 This is equivalent to 15 per cent. increase. The stockholders of the American Linen Company have voted to fund the corporation's debt in six hundred one thousand dollar coupons bearing six per cent. interest, to run five years. No dividend is to be declared nor any division of property made until the bonds are paid. The indebtedness, including the Paine losses, is about $550,000, leaving the working capital by the new arrangement about $50,000.

Alleged Ku-Kluxing.

ATLANTA, Nov. 27.—Ten men from DeKalb county were to-day taken before United States Commissioner Smith on the charge of ku-kluxing a man named McAlpin, and his son and daughter. All three were terribly beaten, but it did not appear that they were assaulted for any political or other reason in violation of the United States statutes and the case was dismissed, but it will probably go before the State courts. It is claimed that the girl was too intimate with a negro.

Powder Explosion.

NEW ORLEANS, Nov. 27.—By the accidental explosion of five pounds of powder at the residence of William Knaps, in Pointe Coupee parish. Mexico's Little Trouble.

GALVESTON, Nov. 28.—A *News* special from San Antonio says a Laredo letter in the *Express* states that the insurgents of Durango, Mexico, are about attacking the city of Parrol, where the remnant of Governor Trias' troops retreated after their defeat at Chihuahua. General Trevino, with three hundred men, is in Durango, acting on the defensive. Governor Ancona, of Yucatan, with three thousand men, is opposing Palomino, who is backed by the federal government. The Mexican army is greatly decimated by desertion, and the government finds great difficulty in providing men to oppose the insurgents in Durango, Chihuahua and other States.

Body Snatching.

CHATTANOOGA, Tenn., Nov. 28.—A white man named Bennet Jackson was arrested here this morning for snatching the body of Tennessee Keith, who died Wednesday night. The body was packed in a shoe box, addressed to Atlanta and marked as containing fresh fish.

Last night it was attempted to ship the same box to Cincinnati, the contents this time being represented as cotton seed, but it was refused by the express company as being of no value. The change of contents aroused suspicion, which led this morning to the discovery of the body.

Bennet Jackson, his son and a sexton of the city seminary have been committed to jail in default of $2,000 bail, for snatching the body of Tennessee Keith last night.

Albert Lavergne, a Frenchman, aged 30, has surrendered himself to the police as a diamond thief He says in November, 1876, when in the jewelry business in Paris with his brother-in-law, he was directed to take $30,000 worth of diamonds to a purchaser, but instead of doing so brought them to this country, disposed of them, went to the Black Hills, traveled under the name of Abraham Levy, and squandered the money in drinking and gambling. He is now penniless and without work. It is said that when Lavergne left France the police of New York were requested by those of Paris to locate him, but did not ask for his arrest. The matter has been referred to the French consul

The King, at the recent cabinet councils and in conversations with leading members of Parliament, has displayed much wisdom, and his course has tended greatly toward accomplishing the proposed agreement.

THE NICARAGUA CANAL.

THE NICARAGUA INTER-OCEANIC CANAL SCHEME.

The Agent of the French Capitalists at Washington---Grant Would Accept the Management.

WASHINGTON, Nov. 26.—Senor Tomas de Franco, agent of certain French capitalists in connection with the inter-oceanic canal scheme, arrived in Washington last evening, and to-day, in company with Admiral Ammen and Mr. Menocal, his assistant, paid his respects to the President, to Secretary Evarts and Secretary Thompson. The President expressed a very warm interest in the enterprise, and said that he hoped to see it well under way before he retired from office. He conversed very freely for half an hour with Senor de Franco, and tendered him the courtesy of the White House. The party spent an hour or more with Secretary Evarts, who has the official charge of the matter, as far as the United States government is concerned, although the enterprise is purely a private one. Senor de Franco spoke at length of his purposes in coming to this country, and of the plans he has in mind. Mr. Evarts, who is also warmly interested, will take part with Admiral Ammen and Senor de Franco in maturing the plans. He invited Senor de Franco to dine with him and meet the prominent members of the foreign legations in Washington.

Senor de Franco, who speaks English readily, assured your correspondent of his confidence of success in the scheme he has undertaken in coming to America, which is two-fold—first, to secure the organization of a company under the laws of the United States to build a canal across Nicaragua, and second, to secure the services of General Grant as president and manager of that company. In the opinion of the French capitalists, who were expected to furnish the great part of the capital for this work, there was no man in the world so well fitted to take the leadership as he, and while it would be absurd to say it could not be a success under the leadership of any other man, it was the fact that Grant's name would give the scheme more dignity and importance than it could otherwise receive. Commenting upon the magnificent reception Grant received upon his return to his native State, Senor de Franco remarked that there was no nation in the world, not excepting the United States, where Grant was more admired than in France. France had had her own soldiers and statesmen, he said, and knew how to measure greatness.

Referring to Grant's connection with the canal, he expressed a very decided opinion that he would accept the management of the enterprise. When asked if he had any direct knowledge upon which this opinion was based, he shrugged his shoulders and said that his friend, Admiral Ammen, was the custodian of all his secrets, and referred the inquirer to him, adding, significantly, that the inducements to be offered to President Grant were such as few men would refuse, and such as Grant would not refuse unless he had higher aspirations. As far as salary was concerned the contributors to the company would make it as large as General Grant would desire, and would accede to any reasonable demands he might make. Senor de Franco bears a number of letters to General Grant, which he will present to him when they meet in Philadelphia next month.

Arrests Under Suspicious Circumstances.

RICHMOND, Va. Nov. 25.—A. Eilers, a German, aged about sixty, and supposed to be blind, accompanied by a companion, a man of about forty, are in custody of the police here. Eilers has been in the city for several days, endeavoring to effect the purchase of four thousand dollars' worth of tobacco from Lawrence Lottier, offering in payment therof a draft of six thousand dollars in gold, dated Hamburg, Germany, October 21, 1879, and drawn by W. Kramer on Gossler & Co., 134 Pearl street, New York, payable to the order of A. Eilers, three days after sight. Eilers requested the balance of $2,000 to be paid to him in currency, but as he presented no letters of credit nor gave any references here, Lottier hesitated to comply. Failing to effect the purchase, Eilers and his companion proposed leaving on the northern train this afternoon, but were detained by the authorities. On searching the men at the station house to-night the police found upon Eilers the $6,000 draft offered in payment for the tobacco; also one for three thousand dollars in gold drawn by the same house on Gossler & Co., and payable to the same party. Besides these there were found four more made by the same drawer upon F. A. Reuss, of St. Louis, Mo., conditionally for six four, three and five hundred dollars in gold respectively. Gossler & Co., in response to a dispatch from Lottier, telegraphed to-night that they had no information of any such drafts having been drawn upon them. Reuss & Co., have not been heard from yet. Both of the men speak English and are neatly dressed.

LATER.

RICHMOND, Va., Nov. 27.—A. Eilers, the German, who was arrested with a a number of supposed forged drafts for large amounts with which he had endeavored to effect the purchase of a large quantity of tobacco for shipment to Germany, was examined in the police court to-day. and sent on to the Hustings Court for indictment for attempting to obtain goods by false pretences. His companion, Wm. Schneider, was held until Saturday with a view of hearing from New York as to his identity.

Incendiary Fire in Gaston.

Charlotte Observer, 27th.

Tuesday night Mr. Jamison Robinson, who lives two miles south of Gastonia, discovered his barn to be on fire. At the time of the discovery the flames had so far advanced that it was impossible to check them, and in a very short time the barn was in ashes, and with it four hundred bushels of corn, eight thousand bundles of fodder, ten wagon loads of shucks; a large amount of wheat and oat straw, a wheat drill, corn sheller, straw cutter, two good wagons, all of the harness and a quantity of other property. Mr. Robinson luckily succeeded in getting all his horses and mules out of the burning building, though one was badly and perhaps fatally burned. He was himself painfully burned in his efforts to save some of his property. The loss falls heavily on Mr. Robinson, who was not insured. He is one of the most enterprising farmers in the county, and a large part of the property destroyed was the fruit of the labors of his own hands. The barn was probably the finest in Gaston and its destruction was evidently the work of an incendiary, as when discovered both ends were on fire, though the flames had not reached the center. There are strong suspicions as to the authors, but as yet no arrests have been made.

Jay Gould and the St. Louis Merchants.

ST. LOUIS, Nov. 25.—Thirty or forty merchants and capitalists of St. Louis had a conference with Jay Gould today regarding his policy with the St. Louis railroad connections. Ex-Governor Stanard welcomed him and made some general remarks concerning St. Louis and the Mississippi river. Mr. Gould said in reply that as long as he had control of these roads he should certainly work for the interest of St. Louis. "We have," he said, "some three thousand miles of railroad which center here, and I could not do otherwise. It seems to me you have neglected your great river. We expect to bring a great deal of grain to this point, and I do not believe you are in a condition to handle it. Kansas alone will produce fifty million bushels of wheat next year, and probably two million bushels of corn. Most of this can be brought here by our roads. You ought to be able to send much of it down the river, but you do not now have the proper means of transportation, and I think you should immediately proceed to make the needed improvements." Mr. Gould's attention to the river as a means of transportation leads business men to believe that he is much interested in the matter, and that the plan talked of and partially organized some time ago by the St. Louis, Kansas and Northern Railroad Company of building a number of towboats and grain barges between here and New Orleans will be carried out in the near future.

Wilmington Star, 27th.

Mike Hooper, the colored man who was so badly injured by a blow said to have been inflicted upon his head with some sharp instrument in the hands of one Julia Miller, colored, on Saturday night, the 15th instant, at a house on Dickinson's Hill, was thought to be in a fair way to recover, but yesterday we were informed that the wounded man had suffered a relapse, and that it was now feared his case might possibly result seriously. It was understood that Justice McQuigg, under whose warrant Julia Miller was arrested and committed to jail, without the benefit of security, on the day succeeding the unfortunate occurrence, would take the deposition of the injured man yesterday evening.

INTERNAL REVENUE.

THE ANNUAL REPORT OF THE COMMISSIONER.

The Probable Receipts for the Present Fiscal Year---Effect of the Reduction of the Tax.

The annual report of the Commissioner of Internal Revenue, which has just been completed, predicts that the receipts from internal revenue taxes will, during the present fiscal year, reach the sum of $115,000,000.

The great majority of the tax-payers are reported as having observed the laws, and faithfully paid their taxes, and it is believed that in the greater portions of the country violations of the internal revenue laws are as infrequent as can reasonably be expected, And in those districts where the laws have been for years openly violated, and the officers set at defiance, there is a returning sense of a majority of the people to the duty of tax-payers to observe the laws and of the officers of the government to enforce them.

Tables embodied in the report show that during the last three years and four months 3,117 illicit distilleries have been seized, 6,363 persons arrested for illicit distilling and 27 officers and employees killed and 48 wounded while engaged in enforcing the internal revenue laws.

These facts, coupled with others of a similar character, showing that nearly all seizures, arrests and resistance of authority are confined to the districts long infested with these troubles, the Commissioner says, "indicates unmistakably that much remains to be done to place the service upon a satisfactory footing. This can only be done by constant, vigorous and courageous efforts of repression with such a force of deputies, armed when necessary, as will demonstrate the ability and determination of the Government to collect its revenue and enforce its laws. And I deem it my duty to again call your attention to the fact that the appropriations have been, and now are, inadequate to the proper enforcement of the laws."

An appropriation of $100,000 as a deficiency is recommended for the present fiscal year for this service.

During the year ending June 30, 1879, $113,449,621 of internal revenue taxes were collected and paid into the treasury. The quantity of spirits (71,892,621 gallons) produced and deposited in distillery warehouses during the fiscal year ended June 30, 1879, was greater than the quantity produced during any other year. The receipts from distilled spirits amounted to $52,570,284.69, an increase of $2,149,468.89 over the preceding year. The total receipts from fermented liquors amounted to $10,739,320.08, an increase over the preceding year of $792,268.30. The increase of production of manufactured tobacco during the last fiscal year was 12,026,821 pounds; of the number of cigars and cigarettes 194,177,719. The total amount of collections from tobacco in all its forms, including the internal revenue tax upon imported tobacco, snuff and cigars, and the special taxes paid to manufacturers of and dealers in leaf and manufactured tobacco, for the fiscal year ended June 30, 1879, was $40,135,002.65. As compared with the total receipts from the same source for the preceding fiscal year, this shows an increase of $43,247.98.

In regard to the effect of the reduction of the tobacco tax on current and prospective revenues the commissioner says: "During the discussion of the question of the reduction of the tax on manufactured tobacco I ventured to suggest that the loss to the revenues would be at least $9,000,000 per annum, and that no pecuniary benefit would result to consumers by a reduction of the retail price of tobacco. During four months of the present fiscal year the decrease in the receipts from tobacco and snuff, as compared with the corresponding period of last year, was $2,336,599. These figures indicate a reduction for the year in receipts from this source of over $7,000,000." The total cost of collecting internal revenue in the United States for the fiscal year ended June 30, 1879, was $4,206,830, being 3 7-10 per cent. upon the amount collected. The expenses for the next fiscal year are estimated at $4,328,330.

The total amount realized by the tax on the capital and deposits of banks and barkers during the fiscal year ended June 30, 1878, was $3,490,913, and for the fiscal year 1879 was $3,184,979, showing a decrease of $305,934. A statement of the capital and deposits of savings banks and bankers other than national banks, shows an aggregate of $195,290,513 invested in government bonds, against $158,882,800 reported last year. The total value of property seized during the year for violation of internal revenue laws was $524,146.

FORSYTHE.

WINSTON, Nov. 26.—The weather is fair and quite pleasant. Business, as usual, is quite brisk. The Thanksgiving turkeys are passing in their checks and the school boys are anticipating with joyous emotions holiday and good dinners.

A chapter of orphans from the Oxford Orphan Asylum, under the charge of Mr. James A. Leach, gave an entertainment in Salem last night, and will give one in the M. E. Church in Winston to-night. Salem, true to her accustomed magnanimous liberality in helping the needy, rewarded them handsomely, we are informed, and Winston will doubtless do the same.

Your type made us marry Mr. W. S. Martin to Miss Lizzie "Leach," instead of Leak, and Mr. M. very justly objects to the charge.

At 3:30 o'clock this evening, at the St. Paul's Episcopal Church, Mr. Kyle, of Tennessee, was married to Miss Bertha Glenn, sister of our worthy townsman, W. B. Glenn, Esq. The church was beautifully decorated with evergreens, and the ceremony was impressively performed by the Rev. Mr. Bynum, the pastor. The happy couple left on the 5 o'clock train.

Quite a catastrophe occurred in "Hell's Half Acre," a location in East Winston occupied mostly by colored people. Berry Morgan, white, and Sandy Gillis, colored, got into a difficulty, when Morgan struck Gillis with a stone, fracturing the skull and leaving him in quite a critical condition. He was alive at last accounts, but in a precarious state. Morgan was tried before Justice Johnson last night, and, in default of $300 bail, was remanded to jail to await a trial to-day. He was tried this morning and bound over in a bond of $50 to appear at next court.

FRANKLIN.

FRANKLINTON, Nov. 27.—The weather is clean and cool. Very few good crops generally about half. Farmers are busy sowing wheat.

Trade is somewhat on the wane, though tolarably lively at Franklinton, Louisburg and Youngsville.

Died, last Thursday, in Franklinton township, Mrs. Mary Haswell, age 76 years.

Last Friday officer Bookram brought William Kearney, Hilliard Kearney, George Kearney and James Kearney, before Mayor Conway. The first two were fined $4 each, the others $2.

Abram Curtis, who was converted to the Democracy in 1874, now proposes to confront any Radical darkey that may offer for an office in this county. Three cheers for Abraham!

Yesterday a workman on the railroad bridge at Tar river, took a flying descent of a hundred feet, head foremost, into the water, and came out but little injured.

R. R. Holmes is reputed to be worth $50,000, which makes him by far the wealthiest manufacturer of tobacco in Franklin. N. G. Whitfield is said not to be worth more than $10,000, but is the most energetic man in the county.

Franklinton has eight dry goods stores, two drug stores, three bar rooms, four restaurants, three steam cotton gins, two foundries, two harness shops, one tan-yard, two lawyers, two doctors, two snobologists and two preachers. Other varieties will be added to this list as they appear. W.

GRANVILLE.

MT. ENERGY, Nov. 27.—The weather is fine and bracing, with wheat sowing the order of the day. Good crops of tobacco.

Trade at this place is good for a country place, and the money comes in, the effect of flue-cured tobacco.

Died, last Thursday, in Brassfield township, Willie Rogers and Samuel Hockady. The latter's death is supposed to have been caused by a fal from a horse.

Not long since, on the very night that Johnnie Holden was asking Parson Holt to come and marry him to a Miss Dillard, and that her ma and pa were having all necessary arrangements made for the wedding feast, a young Mr. Davis was approaching her paternal mansion with stealthy step, and in the unsuspicious first hours of the night he eased a Miss Fuller and Miss Jennie Dillard from the house and transferred them to W. Andrew Haswell's, in Franklin, where they were hitched in double harness by Thomas H. Conyers, Esq.

Allen Davis has purchased James Macon Davis' tract of land near New Light creek. J. W. Davis has bought the Grisson place, to which he will soon go.

In Brassfield township, yesterday, many witnessed the closing exercises of Miss Sallie Garner's school. The students all showed the effect of intelligent guidance. Last night the students gave a party. Joe Davis and Bernice Bailey, height thirty inches each, danced admirably. Will Jones was the *beau* of the occasion and a Miss Lynam the *belle*.

When L. J. Vaughan's school in Dutchville township closed, they had quite a time. W. A. Davis, of Oxford, delivered the address, and a Mr. Cash attempted to hug and kiss a Miss Rycroft against her will. She broke her parasol over his head and then gathered up a pine limb and knocked him down. Friends of both parties came up and *war* was prevented only by the most strenuous exertions. W.

JOHNSTON.

CLAYTON, Nov. 27.—The weather is fair and pleasant. Most farmers have sown their wheat. The cotton is nearly all picked out.

Died, on the 19th inst., Mrs. Jacob Harper, of consumption. She had been a consistent member of the Baptist Church for more than twenty years.

On Sunday morning about daybreak a house belonging to Mr. S. Creech, of this place, was burned to the ground. There was a negro living in the house. He had 5,000 pounds of seed cotton burned. His furniture was saved.

On Tuesday two negroes were arrested and tried before W. A. Penny, J. P., for burning the above mentioned house, but, the evidence being insufficient to convict them they were released. W.

GREENE.

WILLOW GREEN, Nov. 26.—The weather is fair and cold. Some snow yet remains. Wheat sowing is the order of the day.

Trade is good for hard times, as the people generally complain of.

Barrister Monroe, of Snow Hill, was married this morning to Miss Kate Street, of New Berne.

There is some talk among the citizens of this county about the candidate for President, but no one can say who the coming man will be. Anybody, Lord, who can close the door against the would-be Dictator Grant.

Dr. C. J. O'Hagan passed through yesterday on his way home from Kinston, where he had been called to see a patient. The doctor is looking remarkably well, and it is hoped both by the people and profession that his days may yet be many ere he takes his flight to a better land.

We hear of a few negroes leaving this county for Indiana, though none have left from this immediate section, and I don't think will, worth a cent. H.

WAYNE.

GOLDSBORO, Nov. 26.—Trade still keeps good. Cotton from Sampson and Duplin continues to come in.

An unpleasant and unprofitable controversy is brewing between the *Mail* and *Messenger* in regard to the chairmanship of the County Executive Committee. Without taking sides, the writer thinks a change in our county management of political affairs will be of advantage, as it will shut up the mouths of those who cry ring and ring masters, and with the mud-cut taxes, the unpopular road law, the failure of the Democratic Speakers to sign the school bill, Democracy has as much as it can carry in this county without wrangling among ourselves as to who shall be boss, etc. Let us have a new deal all around, no third tems, and candidates for the Legislature who will vote to take off our part of the mud-cut assessment, and we will pull through all right. Call for a new deal. PRIVATE.

BUNCOMBE

ASHEVILLE, Nov. 25.—The weather has been for some days quite cool, and is now cloudy and threatening rain.

The Asheville warehouse for the sale of leaf tobacco had its opening sale on last Wednesday. Tobacco sold on an average at 13½ cents the first day, and we learn has since that time been doing even better than that. Quite a large crowd were in attendance on the opening day, many of whom were strangers looking after the tobacco interest.

Sheriff Rich and his *posse* on last Thursday arrested a strange negro, supposed to be the murderer of the sheriff of Sullivan county, Tennessee. He is a preacher, and preached to the darkies of this place the night before his arrest, and, I understand, created quite a sensation among them.

An extra term of the Superior Court for Haywood county is to be held, beginning next Monday, Judge Graves to preside. All the lawyers of this place are making preparations to attend.

Mr. Jordan Stone, one of the editors of the *Citizen*, has been on a visit to Alabama, and we are pleased to see him in our midst again this morning.

No unusual accident happened during this week. W.

CHARLOTTE'S CURSE.

THE BURGLARS' FINE FIELD OF OPERATIONS.

The Rascals Still Stirring—A Novel and Successful Plan—Waiting in Vain.

Charlotte Observer, 27th.

The burglars have not all been caught. A successful attempt was made to enter the store of Mr. McD. Arledge, corner of Second and College streets, night before last, by a bold and novel plan. The store is within four or five feet of Mr. Arledge's dwelling, where he and the members of his family sleep. A young man, a clerk, sleeps up stairs in the store house, and night before last was in his room from 11 o'clock till morning. The rear door of the store opens into the yard, where a a very ferocious and powerful dog keeps watch. The store was closed as usual. Yesterday morning the back door was open and the locks were burnt out. It appeared that the burglars first tried to bore out the lock with an inch and a quarter auger, but were foiled in this attempt by there being two locks on the door. They then filled the auger holes with kerosene and set fire to the door. It burned till the locks fell out on the floor, and had the appearance of having been put out by the burglars, probably when they entered the store. The cash drawer was broken open and its contents—about $6 in money of different denominations—taken.

The thieves also got some tobacco from an open box, and some whisky, but there are no means of telling how much of the latter was taken. There was a large number of small kegs in the room, and whether or not any of these were removed, the proprietor does not know. There were signs, however, that the pump which had been left in one of the barrels had been used in two or three of the others. Mr. Arledge is at a loss to know how any one could have passed the dog.

Monday night an attempt was also made to enter Dr. Gibbon's house. The key had inadvertently been left on the outside of the back door, and about 4 o'clock Dr. Gibbon was awakened by some one trying to turn the key in the lock. Getting his pistol, the doctor waited for the man to enter, but after working with the key for some time the thief desisted. Dr. Gibbon then went out of the house by another door, but failed to see him. The failure to enter the house was owing to the fact that the door was bolted on the inside.

The crime of burglary is growing alarmingly frequent in the community, and demands the most decided action.

The Irish Rent Troubles.

LONDON, Nov. 28.—The executive committee of the Irish Land League has addressed a manifesto, signed by Parnell, Biggar, Davitt and others, appealing to the Irish farmers for practical assistance in the movement for the redress of the land law grivances.

Balls was illuminated Wednesday night in honor of Davitt and Daly.

LONDON, Nov. 28.—At Sligo to-day the magistrates decided that the evidence which Mr. Rea proposed to present in favor of Mr. Killen was irrelevant and concluded to close the case and convict Mr. Killen, admitting him to bail. Mr. Killen refused to leave the court and had to be carried out. The court was then ordered to be cleared, but Messrs. Davitt and Rea remained in defiance of the order. When the telegram containing the above particulars was dispatched Mr. Killen was in jail and Mr. Rea was addressing an excited crowd.

Mr. Rea decided to call as witnesses the crown solicitor, Catholic Archbishop of Dublin, and one of the members of the House of Commons for Tipperary. This finally broke down the patience of the magistrates. After committing Killen they offered to accept the same amount of bail as in the cases of Davitt and Daly.

Mr. Rea protested against the proceedings, and said he had arranged with his client not to find bail.

The magistrates asked Killen whether he would find bail. Killen stubbornly refused, and offered personal resistance to his removal from the court room by hanging on the arms of the two policemen with his feet just off the ground.

Mr. Rea afterward announced that the Mayor had given him the use of the town hall to protest against the decision, but this the Mayor denied. Mr. Rea then proceeded to denounce the stipendary magistrates as "police spies."

Persons acquainted with the English forms of procedure were astonished at the forbearance of the court toward Mr. Rea.

Each of Warner's Safe Remedies—th Safe Kidney and Liver Cure, Safe Pills, Safe Nervine, and Safe Bitters, is asserted to be the best of its class, and we intention is to keep it so. If any medical expert can add an ingredient which will improve any one of them, he will be paid a high price for the improvement.

The Same Old Story

Is that some poor mortal has been suddenly raised to affluence and comfort by having invested a spare dollar or two in the last drawing at New Orleans of the Louisiana State Lottery. Address M. A. Dauphin, P. O. Box 692, New Orleans, La., or same person at No. 319 Broadway, New York City, N. Y., before the next drawing, which will be December 16th, when Generals G. T. Beauregard and Jubal A. Early will have sole management of the distribution of one-half a million dollars.

Political Issues.

Kearney's advice to all parties is to "pool their issues." We think a good deal as he does, that we should bury the dead issues of the past. As a healing compound for all issues, sores, wounds &c., there is nothing equal to Henry's Carbolic Salve. Beware of counterfeits.

DAILY NEWS

GEO. C. JORDAN, Editor and Prop'r.

SATURDAY, NOVEMBER 29, 1879.

CONGRESS convenes on Monday next, and, of course, every one is delighted.

THE Government proposes to take care of the public lands in the South and add to their value. Lieutenant John F. Merry has been ordered on special duty connected with timber-growing on such lands.

AN Englishman who deplores that England should have made shoddy goods, says that their trade was lost to them when they came to the conclusion that all the rest of the world were fools. This is a lesson worth learning by Americans.

DAKOTA, with its 200,000 population, modestly keeps a back seat, not having developed sufficient cheek to enable it to urge its claims to a State organization.—*Deadwood Pioneer.*

We suggest that the *Pioneer* turn the Territory over to the inhabitants—they will furnish the requisite amount of cheek, or else they are greatly belied.

REFERRING to the Southern Grant "boom," the Boston *Herald* says: "The prominent Southerner who says that the South will punish the North by electing General Grant President as long as he lives, does not consider that the comparative strength of the North would be sufficient to prevent such a catastrophe. A dog can wag his tail both ways."

IN a speech made by Senator Vance recently, at New Orleans, he says: "We are Union men, the best Union men in the country. The doctrine of secession has been rejected. I trust the reactionary doctrine of centralism will also be rejected. We then shall have peace. Only prejudices now divide the people of this country, and we must get rid of these, too. The future of this country is assured, if we can only secure unity.'

THE Grant "boom" appears to be sporadic and spasmodic. When the report that the General was to be taken up by the South gained circulation he was dropped by the stalwarts like a hot potato, and this was a sufficient test of their great and undying love for him. The Chicago *Times* even went so far as to insinuate that he was insane, in order, we presume, to head off any increase of sentiment in his favor for the time being. It was a silly story, but will undoubtedly have some little effect.

THE revenue laws of Texas, especially the bell-punch, which recently went into operation, have met such opposition from combinations in the cities that the State has been defrauded of her dues, and Governor Roberts has felt himself called upon to officially proclaim the fact. He urges the officials to prosecute offenders speedily, and requests all good citizens to back them up in it. Virginia also has great trouble in enforcing its bell-punch law, and another effort to repeal it will be made at the coming session of its Legislature.

WE are for Grant for the presidency—of the Nicaragua Canal Company. This position will pay better than the Presidency of the United States, and consequently he will be well provided for during the remainder of his life. His name will undoubtedly give the scheme more dignity and importance than it would otherwise receive, and as French capitalists will bring their money to its aid on the strength of his name, he would do far better to accept than to run the chances and perils of a third term. If he declines the position on account of political aspirations we shall indeed think that his mind is clouded.

IN the land of the free, to wit, New York, William R. Davis, a colored man and business agent of the *Progressive American*, purchased tickets of admission to the Grand Opera House at a recent entertainment and was denied entrance. He has instituted suit against the managers, but it is doubtful if the case ever comes to trial. The *Mail*, in commenting on the case, says: "The North must rebuke the spirit of caste which they exhibit, before it can with good grace admonish the South about a senseless prejudice against the negro," which only goes to show that the colored man in the North is worthless, excepting two days in the year—at the spring and fall elections.

IN spite of the severe laws providing for the punishment of burglary, crimes of this nature seem to be constantly increasing in number in the State. Nearly every exchange that reaches us furnishes accounts of one or two a week, and only in exceptional cases are the perpetrators caught. Hanging seems to have no terrors for these rogues. We copy from the Charlotte *Observer* an account of a novel and successful plan for gaining entrance to stores, and we agree with that journal when it says that the frequency of these crimes demands the most decided action. Thus far Raleigh has been exempt; but how long will our citizens remain secure?

THE twenty-fourth annual report of the president and directors of the Albemarle and Chesapeake Canal Company has been received. It reports the canal and supplementary water ways in good navigable condition; that the four canals in use on the Atlantic slope are now adequate to the wants of commerce, as well as for the transportation of troops, etc., but for the passage of light draft "Monitors" an enlargement of the canals would be necessary; still the board thinks it best that Congress should provide for the prolongation of the line before wasting time and money in enlarging the canals already constructed. To give some little idea of the amount of business done the statement shows that 81,791 bales of cotton, 39,625,269 feet of lumber, and 39,585,751 shingles have passed through the canal this year, and the number of vessels amounts to 6,433.

THE Corry (Pa.) *Telegraph* states that since 1860 Mr. De Forest Weld, of Jamestown, N. Y., has expended for printer's ink over one million dollars, a sum unprecedented by any country merchant, perhaps, in a space of twenty years' time, and his success is greater, perhaps. This store now employs over sixty clerks, and often sells two and three thousand dollars' worth of goods in a single day. The store has had to be enlarged many times since it was established, and the basement at the present time is being enlarged for the reception of goods. Jamestown is a village of about 6,000 inhabitants, situated near the foot of Chautauqua Lake, and possesses no particular advantages over other points beyond the go-ahead energy and enterprise of its merchants. Raleigh is far better located in a business view, and might do equally as thriving a business.

WE publish to-day a synopsis of the report of the Commissioner of Internal Revenue. After paying a deserved compliment to the great majority of the tax-payers he goes to work and kicks the bucket over by combining the illicit operations for the last three and a half years instead of showing whether or no there has been any decrease in such operations from year to year. He speaks of "nearly all the seizures, arrests and resistance being confined to the districts long infested with these troubles," thereby referring, we presume, to North Carolina and Tennessee, they being classed as the "moonshine" States; but in view of the statements reaching us of "crooked" distilleries being discovered in Washington, Philadelphia, Chicago and St. Louis, we cannot but consider that these districts extend throughout the Union. The revenue from tobacco during the last fiscal year amounted to $40,135,002.65, being an increase of $43,247.98, and of which the Old North State paid her full share. After showing that the cost of collecting was 3 7-10 per cent. upon the amount collected, he wants, as usual, an appropriation of $100,000 as a deficiency.

AFTER the recent election in Virginia the Readjusters were jubilant, but it now looks as if their victory was barren of results. The Debt-payers will give their opponents a hard fight if any attempt is made to upset the McCulloch settlement of the State debt. The official returns of the late election have just been canvassed, and although the advantage was with the Readjusters in the settlement of disputed points, the Debt-payers claim to have come out ahead. The next Legislature will apparently consist of fifty-seven Readjusters proper, fifty-six Democrat Debt-payers and twenty-six Republicans, the latter so divided on the financial question that it seems almost impossible to tell how they will go. Yet in view of President Hayes' recent warning they may range themselves on the right side. As many of the Republican members-elect are pronounced Debt-payers, although the strong negro counties went with the Readjusters, it is scarcely probable that the debt-shirkers will be able to command a vote sufficient to carry out their revolutionary designs, especially as Governor Holliday will interpose his veto in the way of all vicious legislation. The only mischief they can do is to send one of their gang to the United States Senate, and this action will in a certain degree do injury to the credit of the State.

THE SEYMOUR MOVEMENT.

We have heretofore advocated Mr. Bayard's nomination by the Democracy for the Presidency on the ground that he was the most popular man that could be named as well as his undeniably pure public and private life. Horatio Seymour was naturally our choice; but as Mr. Seymour has from time to time announced his retirement from public life on account of feeble health, we have felt constrained to leave him out of the political field. If he could be induced to accept the nomination, which we doubt, he would certainly be the man upon whom the Democrats could rely to lead them to victory. But the Seymour "boom" is booming, and with an unanimous call from all the States he might see fit to reconsider his former decision. His name is a tower of strength. He would carry the whole farming population of the State of New York, Republicans as well as Democrats. This was shown in the late election in that State where his nephew, Horatio Seymour, Jr., was the only Democrat elected on the State ticket and by a larger majority, with the exception of Mr. Cornell, than any two Republican candidates combined. Commenting on the relative strength of the various candidates the Washington *Post* says:

It may become the question who in the Democratic party is best qualified to beat Grant. We answer, Seymour. We consider Grant the weakest candidate the Republicans could put in the field; Seymour the strongest the Democrats could name. While we do not know that it is necessary to oppose our strongest man to the weakest one of the Republicans, such a disposition would tend to render the result more certain. And certainties are blissful things in politics.

The Wilmington *Star* indorses the movement with its usual vigor; other journals are rapidly falling into line; and if the movement becomes general he may feel in duty bound to live up to his old maxim that the private citizen, when his country calls, must sacrifice himself and his dearest wishes to the good of his country.

BOOK NOTICE.

We are in receipt of a copy of "Night Sides of City Life," from Messrs. Evans & Co., No. 9 Murray street, New York. Those who have read "Around the Tea Table," or "Abominations of Modern Society," or "Every Day Religion," will require nothing of this recent work of the Rev. T. De Witt Talmadge save the work itself. In the city of New York vice presents itself in the most alluring manner, and "Night Sides," glowing with a deep and impassioned earnestness is making a herculean crusade against it.

Infant Burned to Death.

Greensboro Patriot.

At the house of the Rev. A. W. Lineberry, about four miles from Mt. and Mrs. Bentley Owen went to the dining room to breakfast, leaving their infant child in its cradle near the fire last Saturday. In a short time they were attracted to the room by the smell of something burning, and were horrified to see the cradle in flames, and their little child slowly burning to a crisp. They were too late to save it, as it was already dead and partly consumed by the fire.

A World of Good.

One of the most popular medicines now before the American public, is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up. It is not as pleasant to the taste as some other Bitters, as it is not a whiskey drink. It is more like the old-fashioned bone set tea that has done a world of good. If you don't feel just right, try Hop Bitters.—*Nunda News.* *

Practical Economy.

Before Patapsco Baking Powder was patented and placed on the market consumers had to pay 50 cents per pound for the old rut powders. You can now buy Patapsco for about one-half that amount and get a better article. This accounts for the popularity of Patapsco.

CANCER.

MONTGOMERY, ALA., June 26, 1878.

H. R. STEVENS, BOSTON.

DEAR SIR:—I have for years been a sufferer from a dreadful CANCER in my side which caused me untold agony, and as I am a widow with a family depencent upon my exertions for a support, my pain of body was only equalled by my pain of mind, at seeing my children want for bread. I was presented by a kind friend in Cincinnati with half a dozen bottles of Vegetine, and although one bottle is still untouched, behold me a well woman, completely restored in body and mind, and able to perform my accustomed duties. Long may you live! and may the history of my wonderful cure lead other like sufferers to purchase your valuable medicine, if it is with the last cent they possess.

Yours gratefully,
MRS. FULLER SUTT.

GOODMAN, MISS., May 6, 1878.

H. R. STEVENS, BOSTON:

I have been suffering for 25 years with the Piles and found but little relief from any medicine that I have taken for many years past. Last winter I suffered considerably worse than ever before, also in connection with Rheumatism I was confined to my bed for several weeks. Having procured a bottle of Vegetine I took it with good effect. I continued the use, and after taking four or five bottles, find myself comparatively cured. I can cheerfully recommend it for the benefits that I have received from it.

Yours respectfully,
J. W. TAGGART.

I write this to certify that I have known Mrs. Fuller Sutt from childhood, and have seen the hours of agony, that her patient womanhood has been called upon to endure. The prayers of this grateful woman will ever be yours, my noble sir, and we add our testimony to the thousands that favor the greatest of all modern discoveries, "Vegetine."

I take great pleasure in recommending your Vegetine. I have been suffering for a long time with the Lung Disease; trying every kind of medicine that I could get, but none seemed to do me any good, until I tried your great Vegetine remedy. I had used it only a short time before I could discover a very great change in my health for the better. I don't consider that your medicine has its equal, for the diseases which you propose to cure, especially the disease that I have been afflicted with

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

THE LINKHAW TRIAL.

The Case Given to the Jury—"Not Guilty."

Wilmington Star, 27th.

LUMBERTON, Nov. 26.—The pleadings in the case of Amelia Linkhaw, charged with the murder of J. E. Hartman, commenced this morning, Mr. Alfred Rowland, for the State, delivering an able speech, after which the Court adjourned for recess. In the afternoon Colonel W. T. French spoke in a most effective manner for the defense, when Court adjourned and met again at 7 P. M. Mr. Solicitor McIver then spoke for about fifty minutes, and was followed by Judge Seymour, who in one of the most effective charges gave the case to the jury. The latter retired at 8:12 P. M., and remaining out forty minutes, returned and brought in a verdict of "not guilty."

What They Say.

Rev. J. E. Rankin, D. D., of Washington, D. C., certifies of Warner's Safe Kidney and Liver Cure: "I do not doubt that it has great virtue." Rev. C. A. Harvey, D. D., Secretary of Howard University, certifies that for Bright's disease "no other remedy can be held for one moment in comparison with this." E. W. Neff, of Detroit, Mich., certifies that it completely cured him of a very serious chronic liver complaint. J. H. Sherlock, of Rochester, N. Y., certifies that it cured him of Bright's disease of several years' standing, and that he believes it to be the most valuable remedy ever discovered. These are samples of hundreds of other testimonials.

What Physicians at Home and Abroad Think of the Seven Springs Iron and Alum Mass.

In the treatment of Dyspepsia, Chlorosis, Anæmia, Nervous and Muscular Debility, Nervous and Sick Headache, Dysmenorrhœa, Menorrhagia, Amenorrhœa, diseases of the Kidneys and Bladder and such like organic or functional disturbances, I know of no remedy upon which I can rely with more certainty of satisfactory results than the "Seven Springs Mass."

W. F. BARR, M. D.,
Abingdon, Va.

I have found no one single remedy to yield such satisfactory results as the "Seven Springs Mass." In the treatment of Dyspepsia, Chronic Diarrhœa, Anamia, Chlorosis, and for Chronic Eczema, I find it invaluable, associated with appropriate topical treatment.

GEO. T. HARRISON, M. D.,
New York City.

From my experience with the "Iron and Alum Mass," I believe it will prove the best medicine we have in use, for chronic diseases.

G. M. D. PATTERSON, M. D.,
Eaglewood, Texas.

For Dyspepsia, Ulcerations of the Throat, Inflammation of the Neck of the Bladder, Leucorrhœa, etc., the "Seven Springs Mass" seems to act with almost specific effect.

E. O. GRIGSEY,
DeView, Ark.

We could extend this list into the thousands with such testimonials from physicians from every State in the Union, but these are sufficient to indicate its application. The reputation of the remedy is too widely known to waste words upon its character. In ordering from druggists always mention Seven Springs Mass. Price $1 per package or six for $5, sent by mail, postpaid.

FROM THE HON. WM. TAYLOR, STATE SENATOR OF MASSACHUSETTS.

MESSRS. WEEKS & POTTER: Gentlemen,—To say that I am grateful, is only a poor expression of my feelings, but it is the best word I can use, for I feel it in every sense of the word. I have been a great sufferer with skin diseases for the last twelve (12) years. My head and face being covered with sores, I could not rest with the burning heat and itching of the parts affected, and was confined to my house for weeks at a time. My disease has been called Eczema, of a most aggravated type, by many physicians, but I doubt if ever fully understood by any of them. It was more like a combination of several skin humors. I have spent much money seeking a cure, and in 1867 I went to Europe, and consulted some of the best physicians in London. I received temporary relief only, for in the spring it would break out again as bad as ever. When I came back to Boston, I was told by many friends that Dr. —— (whose reputation for the cure of those diseases was of the highest order) could cure me. I waited on the doctor; he prescribed for me. I followed his advice for six months, and I can safely say, without any improvement. I tried other physicians and among them Dr. ——, of East Boston, and Dr. ——, of city proper, but all to no purpose. They did me no good; their remedies were so ineffectual that at no time did I feel that a cure would result from them.

I have swallowed five hundred arsenic pills, 5.20 grain, and taken bottle after bottle of internal remedies, besides all the external applications I have used, but the effect was the same. I became satisfied that I could not be cured, but might be kept from getting worse.

Now, about three months ago, Mr. Meehan, a gentleman well known to Boston people, called my attention to your CUTICURA, and promised wonderful results if I would only make a trial. He told me of his own experience with it, and so persevered on me that I went with him to a drug store and bought two large boxes of CUTICURA, and some CUTICURA SOAP, and commenced to use it according to the directions. There was so much humor lodged within the skin, that as soon as I commenced the use of CUTICURA it came to the surface and festered, until vast quantities had come out and greatly intensified my sufferings for about two weeks. But I did not mind this, as I felt that I was going to get rid of the humor when I saw it coming to the surface in such large quantities. After the first two or three weeks' use of this remedy, I was greatly encouraged by a gradual lessening of the inflammation of a number of painful sores. I carefully, faithfully, and cheerfully followed the directions to the letter, feeling each week nearer a cure, until at the present moment, after three months' use of CUTICURA, and twelve years of as constant suffering as was ever endured, I can say that I am cured, and pronounce my case the most remarkable on record. I have been so elated with my success that I have stopped men on the street who were afflicted, and told them to get the CUTICURA and it would cure them. This is why I am so grateful to you, for I believe it to be the best and greatest discovery of the age, and that it will cure all who are suffering with these diseases. I may add that I took no internal medicine but the CUTICURA RESOLVENT.

WILLIAM TAYLOR.

——The Catholic Fair and Festival closes to-night.

——There was one marriage license issued yesterday.

——Cotton receipts on Thursday 350 bales. Friday 235 bales.

——Emerson's Raleigh Directory will be ready for delivery Monday.

——Thanksgiving passed off pleasantly. No rows or fights, and a beautiful day.

——Cotton continues active, and our market yesterday was 11¼ cents for middlings.

——Old bonds to the amount of $6,000 were exchanged at the treasurer's office yesterday.

——The rain came dribbling down last evening, but the earth needs considerable more before the cold weather sets in.

——The whistles of the peanut roasters would lead a stranger to believe that this was a large manufacturing place.

——Thomas and Parlee Williams, colored children, were apprenticed by Judge Upchurch yesterday to Logan Jones, colored.

——Probate Judge C. D. Upchurch yesterday issued letters of administration on the estate of S. D. Strickland, deceased, to A. J. Strickland.

——The city is filled with prize package peddlers, and as they stand at the street corners and proclaim their wares their demoniac shoutings are enough to drive the people crazy.

——The old original members of the "Mulligan Guards" are requested to meet at the Mayor's office on Monday evening next to make suitable arrangements for "getting away" with Christmas Day. A full attendance is required.

——There was quite a gathering at Milburnie on Thursday, a number of our city gentlemen meeting there to discuss a barbecued pig and a Brunswick stew. A pleasant time was had, for the day was comfortable and the eatables prime.

——He stumbled along through the shower and the darkness last night, on his way to the National, and as he stubbed his toe he said: "Confound this weather; it's like the clerk of the Yarboro—rainy; but it's a long Street that has no turning."

——The venerable Charles Dewey, the veteran bank officer of our State, on yesterday had many of his friends to call to congratulate him on the arrival of his eighty-first birth day. They found him active with the duties that he has with such ability and singular honesty discharged as cashier for over half a century.

——On Thanksgiving day, the two Presbyterian churches united in their services, at the first church, services conducted by Rev. Dr. J. M. Atkinson and Rev. John S. Watkins, the latter preaching a practical and eloquent sermon from the text, "Righteousness exalteth a nation, but sin is a reproval to any people." Collection for the Oxford Orphan Asylum.

——As was predicted, the game has all been driven from the country. The hunters returned on Thursday evening with their game-bags filled, and there will be no black-birds, screech owls or chipmunks in the land for years to come. One young gentleman at the National had a string of eight grizzlies thrown over his shoulder, and still he doesn't fancy bear hunting.

——From time to time the proprietors of the National make such improvements as may be needed to enhance the comfort of their guests. They have had for some time the reputation of setting one of the finest tables in town, and to make still further progress in this line they have engaged the services of Mr. S. B. Pettit as steward. This gentleman is well known to Virginia travelers, having acted in this capacity all his life, and left Jarrett's Hotel in Petersburg to accept the position offered him here by the Messrs. Street.

——*Frank Leslie* is out with its representation of scenes at the colored Fair. The illustrations are tolerably fair, but the artists seem to have given more attention to the grotesque features than the really meritorious ones. Of course this was to be expected, for if there wasn't something in the "nigger" line to make the Northern people laugh, it would be of small account. However, the publication of the pictures and the accompanying article will not hurt the people of North Carolina, white and black, a bit; but will go to show that the colored folk are not such a bull-dozed set as some Radical papers would like to make out.

A Popular Song Book.

The most popular song book for Sunday Schools ever sold in this State is "Songs of Gratitude." Forty-two hundred copies have been sold from Raleigh. Messrs. Alfred Williams & Co., have just received a new supply. Price $3.60 per dozen by express, $4.20 per dozen by mail, post paid.

The Longest Yet.

The longest train that ever came into Raleigh or probably was ever moved in our State, was the through freight on the Raleigh & Gaston Railroad on Wedesday last. It reached our city on schedule time, with forty eight cars, over five hundred yards long—nearly a third of a mile. This long train was brought in by the polite and popular conductor, Captain J. F. Wilson, drawn by one of the powerful engines of this road and run by the skilled and trusted engineer Frank Tighe.

Telephonic.

The difficulty over the Edison and Bell telephone patents having been satisfactorily settled, Mr. B. W. Starke will open books of subscription at his office to-day. He desires to get twenty-five in order to make the change from the Edison to the Bell, the difference between the two being in the transmitter. He is confident that those who will call and see the difference will gladly desire the change.

Obituary.

Died at his residence, in Fayetteville, on Thursday afternoon at 5 o'clock, Captain T. J. Robinson, secretary of the State Agricultural Department, aged fifty-two years.

Captain Robinson was a son of the late Dr. Ben. Robinson, well known as a man of marked influence. He graduated at Chapel Hill in the same class with Hon. Kemp P. Battle, now president of the University, Dr. Hines and others, and is believed by several of our townspeople to have taken first honor, although this is not certain. At the breaking out of the war he was mathematician at the National Observatory, which position he resigned. He has been engaged in various occupations, and on the 16th of April, 1877, he received the appointment to the position he held at his death.

He was a whole-souled Christian gentleman; a fine scholar and faithful and efficient in his duties; he had no enemies, for all loved and respected him, and those with whom he met in daily intercourse mourn his loss as that of a brother. He leaves a wife and four children.

Justice's Court.

Justice W. D. Haywood issued his warrant, on the complaint of J. E. Robinson, of Richmond, Va., for the arrest of B. J. Myers for embezzlement and for obtaining goods under false pretenses. After examination of witnesses and argument of counsel, Justice Haywood bound the defendant over to the Superior Court in a bond of $500. R. G. Lewis appeared for the State, and S. G. Ryan appeared for the defendant.

Mayor's Court.

His Honor had a goodly crowd before him yesterday morning. First on the list was Americus Cooper, charged with larceny; returned to court.

Joseph Harris, larceny; not guilty and discharged.

Tom Hinton, assault with a deadly weapon; returned to court.

Malinda Jeffries, disorderly on the street; guard-house twelve hours.

Three drunks; two deposited in guard-house for twelve hours, the other committed to jail for ten days.

The National.

It was a fine dinner that Captain Street spread before his guests Thanksgiving Day, and his guests done justice to the effort. Of course the turkey was Lord Paramount, and no matter how fine he looked last week strutting around the yard he made a lavish display of his good graces and good qualities after the cooks had rigged him in Thanksgiving costume. He was toothsome and tender, and, accompanied by the side dishes, he managed to fill many a vacuum. The tables were well arranged, there was a profusion of viands, and, all in all, it was a royal dinner, fully appreciated by the partakers.

The "Midgets."

General Mite and Major Atom, the little gentlemen who have been on exhibition at Tucker Hall for the past four days, yesterday morning paid a visit to St. Mary's school and created such an excitement as has never before been witnessed within the walls of that institution. After being introduced by Mr. Pride they sauntered about the room and conversed freely with the scholars, affording much amusement; and when the time came for their departure they made their adieux and retreated to their carriage amid the waving of handkerchiefs. It was a pleasant event for all engaged. To-day is their last day in Raleigh. They go from here to Goldsboro, where they remain three days, and thence to Wilmington. They give three exhibitions to-day; from 10 to 12; from 2:30 to 5, and from 7 to 9. This is positively their last day, and those who have not witnessed them should not fail of going.

At the Yarboro.

The Thanksgiving dinner at this favorite hotel was a fine effort which the guests greatly admired. Around the tables in the spacious dining-room were seated about one hundred and forty persons, when suddenly a sensation was created by the entrance of those valiant men of war, General Mite and Major Atom. They were not clad in martial gear, for the day was set apart for an era of good fellowship, but in civilians' clothes they marshaled their noble army of fathers, mothers, sisters and the rest of the "Pinafore" concatenation, placed themselves at the head, and with their mite-y forms towering proudly aloft to half the height of a yard-stick they marched down the banquet hall amid thunders of applause. And then the feast commenced; and while the turkey and duck and chicken were rapidly disappearing from sight around them these noted gourmands each ate half of a partridge and two cranberries, and washed it down with three bubbles of champagne, and then hid behind the pile of bones they had picked.

The Doctor's grief was expressive. He had read in the years agone about Prince Potemkin's celebrated pie; a pie wonderful in its proportions, and when the crust was raised out stepped a dwarf. Here was a great chance lost. He kept on thinking, but suddenly his eyes brightened; a new idea had struck him.

When the time arrived for supper the guests noted on the central table a large tureen, covered; and after all were seated the cover was raised and displayed to the astonished gaze of all a dish of "floating islands," and on two of them were seated the General and Major poling themselves around with match sticks and shouting to each other through the intervening distance of eight inches through speaking trumpets. "Prince Potemkin be hanged," said the Doctor; "he can't come up to my exhibition."

And all were satisfied; they enjoyed a capital dinner, thanked the Doctor for his kindness and wished Thanksgiving would come every day.

The Catholic Fair.

The managers have no reason to complain of want of attendance, and they have been fortunate in disposing of many things that have from time to time graced the tables. Raffles have been gotten up and the beautiful specimens of the pastry cook's art have been disposed of. To-night the gold-headed cane for the most popular gentleman in the city, and the standish and pen for the most popular bank cashier, will be awarded, the polls closing at 10 o'clock. Last evening the picture of "The Madonna" was raffled off, the fortunate man being Mr. Patrick Lenahan. The candlesticks were won by a Mr. Evans." On the cane question the chief contestants, Mayor Manly and Mr. Frank Heartt, are believed to be neck and neck. To-night is the last night, and a good turn-out may be expected.

Grand Lodge of North Carolina F. and A. M.

OFFICE OF GRAND SECRETARY,

Six and one-fourth cents over the Atlantic, Tennessee and Ohio Railroad.

It is a difficult thing to keep a supply in store, and that is the very best criterion to judge of merit. Simpson and Heartt have left only a small quantity of Cherokee Indian Cough Cure. It is purely vegetable, free of all opiates, and perfectly harmless. For coughs and weak lungs it has no equal, and the people will have it. Call early and get a bottle if you have a cough.

VEST POCKET CURE
25 DYSPEPSIA 25
CLERGY & DOCTORS TESTE.

Rev. Dr. Mangum, Prof. Univ. of N. C. I concur with Bishop Doggett in his estimate of the Vest Pocket Cure.

Rev. Drs. Jeter, Broaddus, Dickinson, (Bap.) It is indorsed by the direct personal testimony of men of national fame and strictness of speech. It is not too much to say that no medicine ever had such support in its favor as a specific. The word of any one of the eminent divines who underwrite this antidote to dyspepsia has deserved weight. Their united witness joined with the experimental use and approval of the preparation by well-known physicians, removes all doubt. It is beyond question, a wonderful therapeutical agent.—Editors Religious Herald, Va.

Chaplain Randolph Macon College, Va. Many cases of Dyspepsia within my knowledge have been cured by it. Cramps, Colics Headaches and all sorts of pains from indigestion yield promptly to it. The cures of this sort are innumerable.

Rev. R. L. Dabney, LL. D., Col. Va. It is highly esteemed here by the regular Medical Faculty and the people It is excellent for indigestion and flatulent colic, sedative, soporific, tonic, slightly aperient, without nausea.

Rev. B. F. Woodward P. E., Va. Conf. About twelve years I suffered from dyspepsia. Failing in with this remedy, I gave it a fair trial. After its use I could eat anything with impunity. I am sure I am indebted to this medic
